Public Sale You May

at Sioux City, Saturday, Jan. 15

DOW CLOTHING CO.'S

516-518-520 Fourth Street Entire Stock of Clothing, Furnishings, Hats, Caps, Etc., will be distributed into the homes of the people for less than actual cost of the raw material.

Beginning Saturday, Jan. 15 at g a m, for 10 Days Only

Circumstances have combined to make this sale advisable at this season of the year. We bought very heavily this fall, anticipating a big trade but disastrons weather conditions have left us beavily overstocked, and we are compelled to sacrifice our big stock in order to sell while merchandise is in demand. We must sustain an immediate less or risk a great less later, so prefer to face the situation squarely and start this PUBLIC SALE now at a time when our friends and patrons can benefit to the fullest by this great bargain treat, right in the heart of the season just when other merchants are charging you big profits. The loss we sustain in this sale will be fully compensated by the accomplishment of our purpose-turning our surplus stocy in cash as quickly as possible. A word to the wise is sufficient For 25 years this store has been established and doing business in Sioux City. For 25 years our word has been our bond. We herein guarantee every price, every statement and will absolutely and cheerfully refund the money on every garment not satisfactory to the purchaser. You may take it home, keep it five days, and if not entirely satisfactory you can return it and your money will be cheerfully refunded.

Nervous Break-Down

Nerve energy is the force that controls the organs of respiration, circulation, digestion and elimination. When you feel weak, nervous, irritable, sick, it is often because you lack nerve energy, and the process of rebuilding and sustaining life is interfered with. Dr. Miles' Nervine has cured thousands of such cases, and will we believe benefit if not entirely

cure you. Try it. "My nervous system gave away completely, and left me on the verge of the grave. I tried skilled physicians but got no permanent relief. I got so bad I had to give up my business. I began taking Dr. Miles Restorative Nervine. In a few days I was much better, and I continued to improve until entirely cured. I am in business again, and never miss an opportunity to recommend this remedy." MRS. W. L. BURRE, Myrtle Croek, Oregon.

A New Line To The Northwest

Through The Big Horn Basin The Big Horn Basin is fast settling up and offers the greatest opportunities for farmers, and especially Farm Renters to secure fine government irrigated farms at the mere cost of the water, and often a single crop can be made to pay for the farm. Ten yearly payments without interest. This is cheaper than

paying rent in any locality. With the completion of the new line this promises to become a great wealth producing region.

The oil, gas and irrigation of the Big Horn Basin will make that country a combination of farm and industrial prosperity. Write me for full descriptive literature.
